

Step 1

Push plastercine into plant pot and push in twigs. Apply PVA glue to twigs.

Step 2

Whilst glue is still wet sprinkle Katy-Sue Flower Soft onto the twigs. Shake off the excess Flower Soft and put back in packet.

Step 3

Now cut green ribbon into diamond/leaf shapes and push into plastercine with a needle.

Use Katy Sue Flower Soft™ in 1/12th and 1/24th scale dolls houses to create pot plants, bunches of flowers, shrubs and trellising in minutes.
